2. In a letter from the contractor, dated 26 December 1966, an
overrun payment was requested because of unanticipated difficulties
encountered in the fabrication. The difficulties simply amount to
an original underestimation of the engineering and designing time
required to complete this development, and preliminary evaluation has
indicated that the ideas and concepts implemented in the light tables
are of considerable value to NPIC. Concurrence for the action has
been obtained [redacted]

3. In accordance with the authority delegated in paragraph 3
of the reference, it is requested that the overrun [redacted]
[redacted] be approved and charged against FY-1965 Funds.
The Budget and Financial Branch has affirmed that sufficient FY-1965
